The boys choir cooperates with boys choirs from Poland, Lithuania, Estonia etc.

In May 2007 the choir has competed in Regional Choral competition of children choirs and it was awarded by golden range.

The choir has in its repertoire the compositions of more style epochs but the boys like to sing also the songs written by teachers of Private Musical School and songs from operettas, sacral compositions and arranged folk song, too.

The Boys' choir cooperates with all choirs of society Ozvena but most with the Men group of the Mixed Youth choir where the boys pass after their mutation. The conductors are Mrs. Vilma Krauspeová and Mr. Juraj Libera.

The boys sing often compositions with the men of the youth choir. The choir is one of two boys choirs in Slovakia and has a great importance in the area of the boys singing in our country.
